

# Astronomy PowerPoint Project

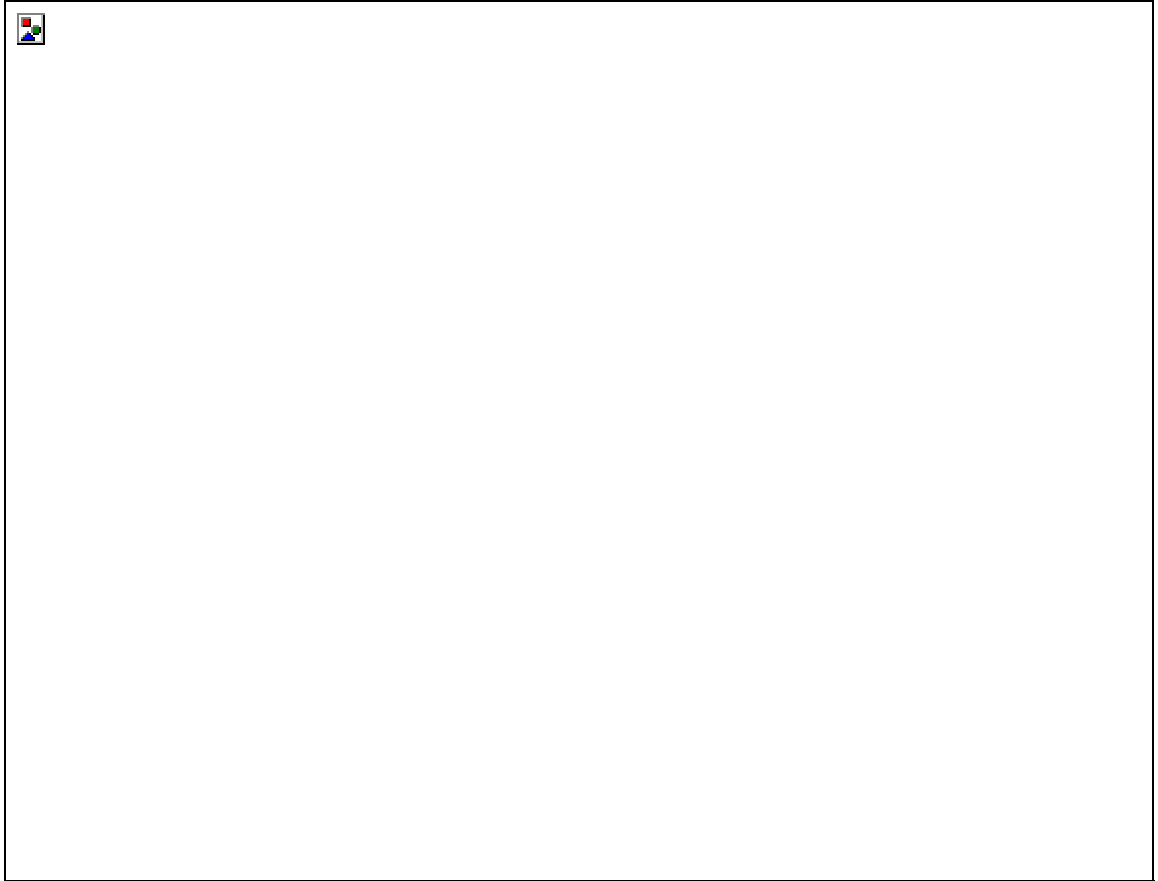

If you are doing a PowerPoint for the Astronomy Project, here are the minimum requirements needed to meet the standards.

- A Minimum of 10 Slides
- The first slide should include the following: Title, Name, Period, and Date
- The remaining slides should have simple facts based on the planet, persons, or objects you are writing about.

**Example Title Page:**

Example Fact Slide:

Here are several examples of PowerPoint presentations: [Saturn](#), [Galileo](#), [Neptune](#) and [Mars](#)
